

Description

My Zombie Classmates is a HTML5 physic game. These monsters are ready to take over the school! Help them destroy the obstacles and teachers, using zombie balls as bullets and a big werewolf as shooter. Enjoy the wonderful graphics and funny atmosphere as you complete each level to win this game!

The HTML5 directory contains the source code of the game exported and ready to be uploaded in your website or freely modified. The CAPX package contains the game with 960x640 resolution that automatically scales proportionally to fit current screen device.

The game is fully compatible with all most common mobile devices. Still, it uses WebGL as graphic engines. To avoid any compatibility issues, check if your device supports it on this link: <http://caniuse.com/#search=webgl> . You can disable WebGL on the CAPX file, if needed.

More infos will be found in the comments added to the game.

This game can not be modified with a free license of Construct 2. The game was created with Construct 2 R239 release.

Admob Ads

Use the AdmobAds to add your ads' ID and start monetizing with this game!
