

Description

Soap Ball Craze is a HTML5 Physic Game. Have fun popping soap balls! Try and pop has many balls are needed to pass each level! Pop your way through all these puzzling levels in this fun puzzle adventure! There will be different balls with special characteristics and weapons to use. Discover them all!

The CAPX package contains the game with 960x540 resolution that automatically scales to fit current screen device.

The game is fully compatible with all most common mobile devices. Still, it uses WebGL as graphic engines. To avoid any compatibility issues, check if your device supports it on this link:

<http://caniuse.com/#search=webgl> . You can disable WebGL on the CAPX file, if needed.

More infos will be found in the comments added to the game.

This game can not be modified with a free license of Construct 2. The game was created with Construct 2 R259 release.
